Dear Xybix,

I wanted to reach out to you to express our appreciation for all that your staff has done for us throughout our remodel.

This was our first project incorporating professional grade dispatch furniture. I was impressed with your team's attention to detail and the flexibility displayed during some of the changes we had requested. Your sales team, design team, and installation team worked seamlessly together to allow us to vastly improve our dispatch center. The Xybix workstations have simplified our response to incidents and allowed seasoned dispatchers as well as patrol officers the ability to efficiently handle calls for service. Our team has mentioned multiple times how the furniture has improved our day to day duties and has enhanced our response to the various issues we are presented with.

I would like to extend our gratitude for the top notch level of service we have received and continue to receive. We are proud to show off our workstations and would highly recommend Xybix to any agency who works in emergency services.

Sincerely,

Lt. Nic Kloberdanz
Campus Safety Supervisor
