Henderson, Kentucky 42419-0716

To: Whom it may concern:

I just wanted to say a quick thank you and say how wonderful it was to work with Xybix on our new desk we got for our 911 communications center. From Heather, Kelley, Karen, all the way to the installers. We had great success. Each one was easy to work with and took care of anything we requested or needed. I would recommend them and have already.

Thanks,

Michael Shockley
911 Communications Supervisor
