Dear Amanda Schwartz and the Xybix team,

A quick note to thank all of you for a fantastic product and wonderful customer experience. Our 911 Center remodel was quite the undertaking as well as quite the experience. We are very glad to have your expertise and quality to lead and guide us through each and every step of the installation. What a great company and team to work with! We all LOVE the furniture and the extra's that we purchased to help make everything easier for each dispatcher!

The 911 Center looks so great, more up to date, more efficient and makes our employee's feel more confident in doing each task. Our many thanks go out to each of your amazing staff in helping to make this the easiest and most rewarding experience for all of us here at Texas County Emergency Services.

Sincerely,

Susan L. Hale, Director
